19.1 OVERVIEW

19.1.1 Several types of Guidance Signs on which information such as route numbers and town, suburb and street names are displayed, are provided adjacent to roads as navigational aids to assist road users when travelling on the road network. The technical details regarding all such Guidance Signs are dealt with in detail in the South African Road Traffic Signs Manual (SARTSM).1

19.1.2 Tourism Signs falls under the ambit of Guidance Signs. The principles and warrants regarding the display of Tourism Signs are, defined in the SARTSM.

19.1.3 The display of a Tourism Sign will only result from one of three circumstances:

(a) written application for the display of a Tourism Sign from the Owner of a specific facility, which is either submitted through a Regional Tourism Liaison Committee (RTLC)2 or Local Tourism Organisation (LTO)3 or directly to the SANRAL in the absence of a RTLC or LTO; or

(b) an investigation by the SANRAL of all tourist facilities within a defined area; or

(c) the policy of the SANRAL.

19.1.4 Only the statutory procedures required when dealing with applications for the display of Tourism Signs will be addressed in this Chapter.

19.1.5 The Application fee is currently under review and not being implemented at present.

19.2 AUTHORITY

19.2.1 The South African National Roads Agency Limited and National Roads Act, 1998 (Act 7 of 1998) [the Act] does not deal specifically with the display of Tourism Signs. However, such signs are merely structures that are erected within a road reserve and the erection of such structures is governed by the provisions of Section 48 of the Act. All applications for Tourism Signs will therefore have to be commented on or approved or rejected by the SANRAL in accordance with the provisions of the afore-mentioned Section of the Act.

19.2.2 It is, however, important to note that both the provisions dealt with in Volume 2 Chapters 4 and 9 of SARTSM, as well as the provisions of Section 48 of the Act, will have to be taken cognisance of when dealing with an application for the display of a Tourism Sign.
19.2.3 It is also recommended in the SARTSM that the processing of applications for Tourism Signs should be carried out by a Regional Tourism Liaison Committee (RTLC) and/or by a Local Tourism Organisation (LTO). However, as mentioned above, the statutory authority for the display of any structure within the road reserve of a national road is vested in the SANRAL. As this authority cannot be delegated to any other person or entity, all applications for the display of Tourism Signs, whether they are submitted to the SANRAL directly by an Owner of a facility or through a RTLC or LTO, can therefore only be commented on and/or approved or rejected by the SANRAL.

19.2.4 The SANRAL has jurisdiction over the display of Tourism Signs within the road reserves of National Roads. Where the SANRAL has no jurisdiction over the display of a specific Sign, such application has to be referred back to the applicant or forwarded to the relevant road authority. If the Sign is to be erected within the road reserve of a national road, the SANRAL will have sole jurisdiction to approve or reject the display thereof.

19.2.5 If the SANRAL has jurisdiction and is prepared to approve the display of a specific Sign, the SANRAL will also impose conditions in this regard.

19.3 POLICIES.

19.3.1 The SANRAL will not unilaterally approve or reject an application for the display of a Tourism Sign. All applications must be dealt with in accordance with the Application Procedures described below, but cognisance must constantly be taken of the guidelines contained in the SARTSM.

19.3.2 The SANRAL will not be liable for any costs in respect of the design, manufacture, erection, maintenance or removal of any Tourism Sign. All such costs will be for the account of the Applicant.

19.3.3 Any rights granted in respect of the display of a Tourism Sign will not constitute the granting of any servitude or real right capable of registration by a Registrar of Deeds.

19.3.4 Any rights granted for the display of a Tourism Sign shall be non-exclusive and the SANRAL may grant similar rights and/or other real or personal rights to Concessionaires and/or other third parties, or may itself exercise any such rights.

19.3.5 The SANRAL is entitled to charge a fee, levy or rental for the processing of an application for the displaying of a Tourism Sign.
Sign or for the right to display such a sign and/or the administration thereof.

19.4 APPLICATION PROCEDURES

19.4.1 The relevant prescribed Application Form, which Form can be obtained from all Regional Offices of the SANRAL, must be used for the submission of all Applications for the display of a Tourism Sign within the road reserve of a national road.

19.4.2 Properly completed Application Forms that must be accompanied by all the required documents and relevant Annexures, motivation reports, plans, and diagrams, must be submitted to the SANRAL’s relevant Regional Manager.

19.4.3 All applications must be accompanied by

(a) the prescribed Application Fee (as amended from time to time). All cheques are to be made out in favour of “The South African National Roads Agency Limited”.

(b) a Power of Attorney in favour of the Applicant if the Applicant is not the Owner or licensed Operator of the facility to be indicated on the required Tourism Sign;

(c) a copy of the title deed of the property on which the facility to be indicated on the required Tourism Sign, is situated;

(d) a motivation report and full details, as well as Promotional Brochures and/or advertisements regarding the facility to be indicated on the required Tourism Sign;

(e) a copy of the Trading Licence (where applicable) and/or other licences and certifications as stipulated in the SARTSM in respect of the facility to be indicated on the required Tourism Sign;

(f) a grading Certificate from the Tourism Grading Council of South Africa (TGCSA) or a validation certificate from a Provincial Tourism Authority. (Note: This is mandatory for any facility offering accommodation):

(g) proof (if applicable) that the display of Tourism Signs in respect of the relevant facility on provincial roads or municipal streets, have been approved;

(h) a map and/or locality plan on which the following information in respect of the facility to be indicated on the required Tourism Sign, must be indicated:-

(i) The location of the facility in relation to the national road, as well as the access to the facility from public roads indicating the distance to the facility, the condition of the road leading to the facility and the...
information displayed on the nearest route marker board.

(ii) The proposed location(s) of the required Facility Sign(s) to be erected within the national road reserve boundary.

(iii) GPS coordinates or WGS$^{11}$ values.

(iv) A north point and plan/diagram number.

(v) Re-zoning certificate or proof of consent use by local authority.

(vi) Traffic Impact Assessment to determine if access has sufficient capacity for traffic being generated by the facility.

19.5 APPROVAL PROCESSES AND PROCEDURES.

Following the receipt of an application for the display of a Tourism Sign, the responsible Officer must firstly determine whether the sign is to be erected adjacent to a road over which the SANRAL has jurisdiction or a road over which the SANRAL has no jurisdiction, where-after the following processes and/or procedures must be followed:

19.5.1 Applications in respect of the display of Tourism Signs adjacent to roads over which the SANRAL has no jurisdiction:

If the required sign is to be situated outside the proclaimed road reserve of a national road and the SANRAL therefore has no jurisdiction over the specific road-

(a) the Application must be dealt with on File No 16/3/7 - General in respect of General Enquiries (Signs).

(b) the Applicant or relevant RTLC or LTO must merely be informed that the SANRAL has no jurisdiction to object to the display of the relevant Sign and therefore has no further comments to offer. [The relevant Standard Letter$^{12}$ must be used in this regard]; and

(c) any Application Fee that may have accompanied such an Application, must be refunded to the Applicant.

19.5.2 Applications in respect of the display of Tourism Signs adjacent to roads over which the SANRAL has jurisdiction.

If the required sign is to be situated inside the proclaimed road reserve of a national road and the SANRAL therefore has jurisdiction over the specific road,-

(a) it must be determined / ascertained whether the prescribed Application Fee$^{13}$ had accompanied the Application and whether it had been duly deposited.

(i) If the Application was submitted without the prescribed Application Fee, it must (within 10 working days from receipt thereof) be referred back to the Applicant for resubmission. [The relevant Standard Letter$^{14}$ must be used in this regard].

(ii) If the Application was accompanied by the prescribed Application Fee, -
Open a File with the reference 16/3/7 followed by the appropriate route and section number, [for example 16/3/7-1/21 where "1/21" represents national route 1, section 21];

- it must be determined whether all the required information has been indicated on the plans accompanying the Application;

- the Application and accompanying motivation reports, plans, diagrams and other documents will be evaluated in terms of the existing Policy and the SARTSM;

- the submitted title deeds must be scrutinised in order to ascertain whether the establishment of the relevant facility to be indicated on the required Signs, was or will not be in conflict with any title condition prohibiting the establishment of the said facility;

- if required, further information and/or inputs must be obtained from the Applicant; and

- the Application must be assessed in terms of:
  - inputs relating to engineering related matters, future road requirements and safety issues; and
  - an on-site inspection.

(b) Once the responsible Officer is satisfied that all required information and inputs in order to take an informed decision with regard to the Application is at hand, a recommendation in this regard must be submitted to the relevant Official authorised in accordance with the Delegations.

(c) On receipt of the approval/rejection by the aforementioned authorised Official, the responsible Officer must forward the appropriate Letter of Approval in principle or Letter of Rejection to the Applicant.

(d) The aforementioned Letter of Approval in Principle must be accompanied by the appropriate Annexures, plans, diagrams and documents (if applicable) as well as the Conditions of Approval as per Annexure 19.4.

(e) The relevant Official must forward the Geographical Information System (GIS) information to the GIS Manager for the purpose of updating the ITIS system in accordance with the GIS Manager's Standard Instructions in this regard.

(f) The File must be pended for follow-up purposes re the approval of the design of the Tourism Sign, the actual erection thereof, as well as the administration and collection of all fees and levies charged in respect of the displaying and administration of the relevant Sign.
ANNEXURES.

19.1 - Prescribed Application Form.

19.2 - Standard Letter when the SANRAL has no jurisdiction over the display of a proposed Tourism Sign.

19.3 - Standard Letter when the SANRAL has direct jurisdiction over the display of a proposed Tourism Sign, but the relevant application contained insufficient information or other.

19.4 (a)- Standard Letter of Approval in principle of an Application for the display of a Tourism Sign when the SANRAL has direct jurisdiction over the display of a proposed Tourism Sign.

19.5 (b) Standard Letter of Final Approval of an Application for the display of a Tourism Sign when the SANRAL has direct jurisdiction over the display of a proposed Tourism Sign.

19.6 - Standard Letter of Rejection when the SANRAL has direct jurisdiction over the display of a proposed Tourism Sign.

19.7 - Regional Offices - contact person & contact details

19.8 Application Fee - under review

7. SUPPORTING INFORMATION:

The following documentation must be attached:

☐ Brochure of Facility

☐ Accommodation Grading Certificate of Facility

☐ Inspection / Registration Certificate from Tourism Bureau in Association

☐ Zoning Compliance Certificate (or statement from local Municipality/District Council)

☐ Traffic Impact Statement / Assessment by recognized Traffic Engineer

☐ Map, locality plan or sketch indicating:

- Numbered routes, roads and streets providing access to Facility
- Speed limits and surface types of relevant roads at the required location
- Existing road signs within 400 m either side of the access at required location
- Position of required tourism sign(s)
- Sight distance in all directions
- Location of Facility (Route number and kilometre distance of the access relating to the blue 200 metre marker boards situated alongside the national road).
- The distance the facility is situated from the national road and the condition of the road leading to the facility.
Attach the following documentation only where applicable:

- Trading Licence, Liquor Licence, Health Certificate, Other relevant certificates or documents.
- Permits (e.g. permit to operate as hunting contractor), approval to operate from Department of Nature Conservation and/or approval to operate from recognized animal protection society/Zoological Society of Southern Africa.

8. DECLARATION:

I, ______________________________, hereby declare that the information supplied by me and contained in this Application is complete and correct. Furthermore, I acknowledge that approval will be subject to standard Conditions applicable to Tourism Signs on National, Provincial and Municipal roads.

Signed: _______________________________ Date: ________________________________
STANDARD CONDITIONS APPLICABLE TO TOURISM SIGNS ON NATIONAL ROADS

The following standard conditions must be complied with at all times in the case of displaying Tourism Signs within the National Road reserve.

1. Approvals are subject to the acceptance of the Standard Conditions for the display of Tourism Signs.

2. No tourism sign will be displayed unless satisfactory arrangements for the display of follow-up signs to the specific facility have been made.

3. All signs erected within the road reserve will become the property of the SANRAL. All costs incurred by the applicant for the evaluation, design, supply and maintenance of the signs, will be seen as compensation for the privilege to convey the relevant information to the motorist.

4. Applicants shall be aware that subsequent applications for tourism signing may be approved which may result in a reduction of detail displayed on the sign boards such as the name of the facility.

5. All tourism sign approvals issued by the SANRAL will only be valid for a period of twelve (12) months from the date of issue. If the approval is not acted upon within the aforementioned period, the approval will lapse and the normal procedure (as for new applications) must then be followed again. In all cases the reference numbers and dates of previous applications and approvals must be quoted.

6. Facility owners displayed on new tourism sign/signs shall be responsible for their pro-rata cost of manufacture, erection and maintenance of the signs.

7. When applications for further tourism signing are received subsequent to the original approval, the new applicant will be responsible for the total cost of all alterations, including the manufacture and erection of new signs where necessary. The life of the tourism sign(s) is dependant on the number of tourism sign applications for that specific location. When there are more than three applications for that specific location, then SANRAL reserves the right to replace all the tourism signs at that specific location with generic symbols, at a cost to SANRAL.

8. No other free standing advertising sign or flag may be displayed on the same property.

9. The facility owner or applicant shall undertake the following:

   To design, manufacture, erect and maintain the approved tourism sign(s), at his own cost, strictly in accordance with the specifications and instructions of the SANRAL. The quality of materials and the workmanship shall comply with the requirements set and shall be subject to such tests and by such persons as the SANRAL may direct at the place of manufacture or on the site or at all or any such places. The tourism signs shall be manufactured by a reputable road sign manufacturer.

Signature of Applicant / Facility Owner
To supply, at his own cost, the approved tourism sign(s) to the SANRAL in good condition for erection by them.

To compensate the SANRAL in full for any expenditure that may be incurred by them in connection with the erection of the road traffic signs and completion of the works within the road reserve (if applicable).

To compensate the SANRAL in full for any expenditure incurred in connection with repairs to the sign damaged as a result of:

a) the installation of, the maintenance of or the repairs to, or

b) any shortcomings or defects, caused in any way whatsoever in the relevant tourism sign installed or any section of such sign except in the case of negligence on the part of SANRAL or his Agents.

9.5 Not to hold the SANRAL responsible or liable for any costs incurred or any loss suffered in the event of directing for any reason whatsoever the removal or the shifting or the relocation of, or any alteration to any pole, stay, strut, sign, etc. erected or laid within the statutory width of any public road or within a distance of five (5) metres of such statutory width.

9.6 To indemnify the SANRAL against all claims of whatever nature, including legal costs, by any person, including the facility owner, originating from or as a result of the erection of any pole, stay, strut, sign, etc, or as a result of the negligence of the SANRAL to maintain or safeguard properly the said pole, stay, strut, sign. etc.

9.7 Not to hold the SANRAL liable for any damage to any pole, stay, strut, sign, etc. by whomsoever including any damage caused by the activities of the SANRAL in connection with the construction, reconstruction or maintenance of the road or by any other action of the SANRAL unless negligence on the part SANRAL or its officials or employees can be proved.

9.8 If in the opinion of the SANRAL a facility to which a tourism sign has previously been provided no longer complies with the basic warrants for such a facility, such a sign shall be removed at the sole discretion of the SANRAL and the facility owner shall be liable for all incurred costs associated with the removal of or alteration to the relevant facility sign.

10. Only the SANRAL is authorized to permit the erection the tourism signs. The nominated facility owner shall be responsible for contacting the SANRAL to erect the signs once the signs have been manufactured. The signs will then be handed over to the SANRAL who will erect the signs on behalf of the applicant or permit the selected service provider to erect the signs. Only signs with approved sign-face designs shall be erected. Where applicable, the SANRAL will recover the erection cost from the applicant by submitting a written quotation that must be accepted and settled by the applicant before the erection of the sign will take place. Should any un-approved alteration to the sign face be detected once erected, the sign will be removed by the SANRAL.

Signature of Applicant / Facility Owner
11. The maintenance cost for signs leading to facilities that belong to a number of different owners will be claimed from the last / most recent owner who in turn will recover such costs proportionally from the different owners.

12. The work may only be carried out provided the foregoing conditions, where applicable, were accepted in full and provided all the prescriptions requirements and obligations, which the SANRAL might impose in connection with the work over, under or along the road(s), are accepted and complied with.

13. The sign(s) shall be manufactured by a reputable Roadsigns Manufacturer subject to approval by the SA National Roads Agency Limited (SANRAL).

14. The signs shall be fabricated from 1mm thick chromadek formed into 200mm high panels, with class 1 brown reflective background and class 3 white reflective legends and borders. Details of chromadek panels are available on request.

15. The signs must be erected so as to display the sign-face at an angle of 90° to the direction of travel and to provide a ground clearance from the highest point on the ground to the bottom of the sign to a minimum of 1.9m and maximum of 2.1m. The distance from the road edge (shoulder breakpoint) to the edge of the sign shall be at least 1.2m but not exceeding 1.5m.

16. The position of the sign(s) is fixed and may not be altered. Please consult the relevant Route Manager in this regard.

17. 200mm diameter creosote treated timber supports are to be set vertically and firmly in a soil-crete foundation of 12 parts granular soil or gravel with 1 part Portland cement and sufficient water. The size of the foundation hole shall be 800mm deep by 600mm wide.

18. Excavation, backfilling of foundations and erection of the signs must be completed within one day and must not interfere or obstruct with the normal flow of traffic in any way. Traffic accommodation shall be effected in accordance with SARTSM.

19. The applicant shall at his/her own cost erect and maintain the signs and replace them in the event of damage or theft. In the event of a notice being issued to replace, repair or maintain the sign, the applicant shall within six months of the date of the notice act accordingly and failure to comply, SANRAL may immediately remove the sign and withdraw the approval. Notwithstanding the above, the sign(s) shall upon erection become SANRAL's property.

20. The life of the sign(s) is dependant on the number of tourism sign applications for that specific location. When there are more than three applications for that specific location, then SANRAL reserves the right to replace all the tourism signs at that specific location with generic symbols, at a cost to SANRAL.

21. The applicant shall accept responsibility and indemnify SANRAL for any claims or damages which may
be instituted or suffered by any person, including legal costs, as a result of the erection of the tourism sign(s), or as a result of any failure by the applicant to comply with any conditions contained herein or maintain or render the safe display of the sign(s).

22. For any technical or safety reason, SANRAL may temporarily or permanently remove the sign(s) and the applicant may not always be notified prior to the removal.

23. This approval is valid for 5 years from the date of this letter subject to adherence of the abovementioned conditions, the compliance to grading requirements and the existence of your facility. Thereafter the owner shall re-apply for a further 5 years if required.

24. Also note that non-compliance to any of the above conditions may result in the removal of the sign and an immediate withdrawal of this approval. Furthermore, erecting the approved signs shall imply acceptance of the above-mentioned conditions. SANRAL reserves its right to amplify these conditions and undertakes to notify the Applicant in writing of any new conditions which may be required in terms of a SARTSM, regulation or Act.

25. Please note that your new sign designs containing all dimensions will require a further approval from us before the signs can be manufactured. We recommend that you utilize the services of an accredited Road Signs Manufacturer(s) or Consulting Engineering Firm as an advisor.

DECLARATION

I, ____________________________ (name of applicant / facility owner) of ____________________________ (name of facility), hereby accept the above Conditions for the display of tourism road signs.
