NOTES TO READERS

Read together with the Alternative Routes Map. This identifies routes across the city for consideration as you plan your travel.

STEP 1

Consider whether you need to travel during the planned construction period or if you can delay travel.

STEP 2

Identify the direction of your travel and find this direction in the headings of options provided overleaf.

STEP 3

Consider your travel options while referring to the route map provided.

STEP 4

Use your GPS Maps function ahead of travel to get up to date information that may affect your travel times. Visit www.i-traffic.co.za/region/KwaZulu-Natal.

STEP 5

Ensure you leave yourself enough time for the trip, noting potential speed limit changes and alternative route congestion.
