

SANRAL

BUILDING SOUTH AFRICA
THROUGH BETTER ROADS

1 MARCH 2025

**TOLL TARIFF
Adjustment**

VEHICLE CLASS APPLICABLE TO CONVENTIONAL TOLL PLAZAS

Class 1	All light vehicles	
HEAVY VEHICLES	Class 2	2 Axles 
	Class 3	3-4 Axles 
	Class 4	5 or more Axles 

Vehicle classes at conventional toll plazas are determined by the number of axles. Please refer to Gazette No. 52073 of 2025 on adjusted toll tariffs as published on 7 February 2025.

DISCOUNT

Discounts offered at specific toll plaza for frequent users, as well as qualifying local users still apply. Application for discounts can be made at the toll plaza office. Discounts now require a Tag.

REVENUE STREAM

Toll fees allow for a continuous revenue stream provided by those that make use of a tolled road. Toll fees mean there will always be funds to optimally maintain roads, which makes roads safer and saves money in the long run.

MAINTENANCE

Roads need to be kept in optimal condition at all times. They deteriorate over time due to **wear and tear** from traffic loading (especially trucks) and **climate** (rainfall and UV radiation). The maintenance of roads is not a once-off occurrence – it is a **continuous process** to ensure optimal performance.

COLLECTION OF TOLL FEES

Allows us to (among others):

- **Clean drains** to ensure effective drainage of rainwater
- **Cut grass** to improve visibility and reduce the risk of veld fires
- Seal **surface cracks** and fix **potholes**
- Maintain **road signs and markings**
- Respond to **crashes** and **clean up** debris
- **Resurface the road** on a periodic basis
- **Add additional lanes** when required.

SANRAL FAST FACTS

SANRAL manages **26 799km** of the national network.

13% are toll roads managed by **SANRAL** and privately owned.

87% are non-toll roads

- Managed by SANRAL
- Funded by National treasury grants.
